

## BEFORE YOU START

This is not a direct continuation of where the manga is currently scanlated to (Volume 7 Chapter 3). We are starting in the middle of Volume 10 and will be ending in the middle of Volume 13.

## WON'T I BE MISSING LOADS OF THE STORY?

No. The volumes inbetween cover Serge's parents' background and Serge's own background. We are returning to the main story continuing from Volume 4 Chapter 3.

Thank-you for reading.
